

1. Open PowerPoint and click "File"

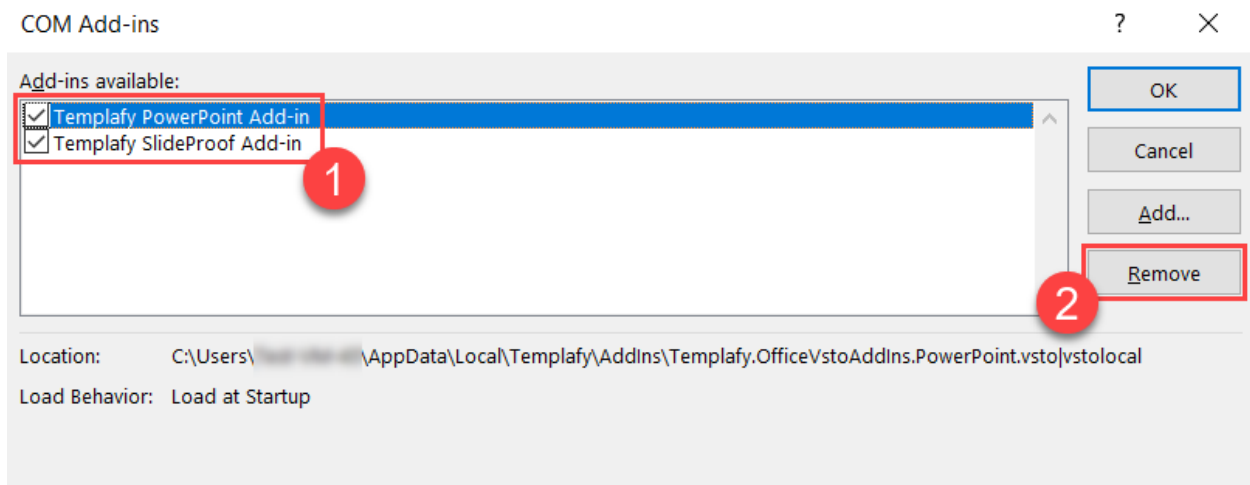

2. Click “Options”

3. Click “Add-ins” and then “Go...”

4. Find “Templafy PowerPoint Add-in” and “Templafy SlideProof Add-in”, click them one at a time and then click “Remove” for both Add-ins. Confirm they are gone. Then click “OK”. Now close PowerPoint.

5. Open Templafy Desktop and click “Check for updates”
